

## **Summary of Speech of the Khalifatullah Hazrat Munir A. Azim (atba)**

*06 June 2012 ~ 15 Rajab 1433 Hijri*

**After greeting everybody (members and other Muslims) with the Salutation of Peace in Islam, the Khalifatullah (atba) read the Tashahhud, Ta'uz, Surah Al-Fatiha, and then said:**

My dear brothers, sisters and children, today the 06 June 2012, we have witnessed once again a rare phenomenon which usually occurs after hundred years, more precisely 243 years. This celestial manifestation is the transit of Venus across the sun, and it happened again after sunrise today after 8 years. It was in the year 2004 that we have witnessed this celestial sign for the first time in our life, in Mauritius and around the world, and such event really comes as a sign for the coming of a Man of God, a Messenger of God.

The first transit of Venus happened on 08 June 2004 and it was completely visible in Mauritius, and the Mauritians had the opportunity to view such rare happening. What is a transit of Venus? It is when planet Venus passes directly between the earth and the sun, and thus, we on earth can view the planet as a small dark circular body passing across the sun.

The previous transit of Venus before our era was respectively in December 1874 and December 1882, that is, during the lifetime of the Promised Messiah Hazrat Mirza Ghulam Ahmad (as) in India.

This present era has witnessed not only the prophesised celestial sign of the total eclipses of the sun and the moon in the same month of Ramadan back in the year 2003, but it has also witnessed such rare phenomena as the approach of planet Mars closer to the earth in August 2003, the transit of Venus on 08 June 2004, the circular halo-rainbows in the sky back in October 2002. All these signs are truly exceptional signs, and such rare signs are really manifestations of Allah confirming the sending down of His Chosen Elect to the world.

We see that Allah manifests such signs from the sky above as a reminder of His grandeur and Majesty, and that men of understanding may reflect upon the creations of Allah:

رَبَّنَا مَا خَلَقْتَ هَذَا بَاطِلًا سُبْحَانَكَ فَقِنَا عَذَابَ النَّارِ

*Rabbanaa maa khalaqta haazaa baatilaa! Sub-haanaka faqinaa ‘azaaban-Naar!*

*“O our Rab, You have not created (all) this in vain. Glory be to You. Save us then from the torment of the fire.” (3: 192)*

Among all the signs which I have just mentioned to you, one of these signs, apart from the prophesised double eclipses in the same month of Ramadan, there is also the coming of planet Mars closest to the earth which is one of the most extraordinary event after nearly 60,000 years. Thus, we see that this present era is not an ordinary era.

**When a Messenger of Allah comes, we see that even heaven manifests itself and such phenomena happen to make people realise that like these events are rare, likewise the coming of a Messenger of Allah, of a Khalifatullah is also rare and witnessed at least once in a lifetime.** In the past, nations witnessed the manifestation of more than one prophet at a time, and also if not at a time, in the form of father and son biological and spiritual leadership coming from Allah. We have for example, Hazrat Ibrahim (as) and his sons Ismail and Ishaq (as), Hazrat Yacoob (as) and his son Yusuf (as), Zakariyya (as) and his son Yahya (as), and recently, Hazrat Mirza Ghulam Ahmad (as) and his son Hazrat Mirza Bashiruddin Mahmood Ahmad (ra). So, such blessings are one of a kind, and is usually lived and witnessed only once in a lifetime like those signs from the sky which we are actually witnessing in this present era.

The world flourished at the hands of the Messengers of Allah, and that period is the Golden era but afterwards it became at a standstill (at a stop), before beginning to deteriorate at the hands of men. Allah wants good for His servants but it is the servants who then brought calamity upon them through their own actions.

Allah says in the Holy Quran:

ظَهَرَ الْفَسَادُ فِي الْبَرِّ وَالْبَحْرِ بِمَا كَسَبَتْ أَيْدِي النَّاسِ  
لِيُذِيقَهُمْ بَعْضَ الَّذِي عَمِلُوا لَعَلَّهُمْ يَرْجِعُونَ

*Zaharal – fasaadu fil – barri wal – bahri bima kasabat ‘aydin – naasi liyuziiqahum ba'dal – lazii ‘amiluu la – ‘allahum yarji ‘uun.*

***“Corruption has spread on land and sea of what men’s hands have brought forward, that He may make them taste (the consequences) of some of their doings, so that they may turn back (from evil).” (30: 42)***

Corruption, diseases and calamities are destroying this world only because of men’s deeds, not because of Allah’s doings. Man has deviated from the right path and has forgotten the worship of only one God. A Messenger of Allah comes when man is too deep in sin, to warn them about the divine punishment and to give them good news of divine forgiveness and paradise if they return back to the right path. Allah verily does not punish the people without sending to them a Warner who comes from His waters, that is, from His own essence, from His light and mercy. Therefore a Messenger of Allah to the people is the Manifestation of the Mercy of Allah to the people.

Since long, I received divine revelations foretelling of many events and diseases and illnesses which shall grip people so much so that there shall crept another disease which shall be without cure like we have witnessed with the AIDS Virus. Recently, it has come to my knowledge that there is an insect which has made its appearance which is called the Kissing Bug but what is surprising for the experts and scientists is that it is now carrier of a mortal disease which has in the recent years made its appearance and which is without cure. This disease is Chagas and recently the Kissing Bugs have invaded the United States of America in surprising numbers, thus spreading this disease which is got after the Kissing Bug bite its victim near the mouth. Thus, two threats have emerged as one to come as one force to create havoc (disorder) for men’s health and even leading them to death if not treated properly. But the thing is not right cure is set to cure such a disease.

Experts have said concerning Chagas that this life-threatening disease is “hard or impossible to cure”. The Times (a Newspaper in the U.S) has reported: *“The disease can be transmitted from mother to child or by blood transfusion. About a quarter of its victims eventually will develop enlarged hearts or intestines, which can fail or burst, causing sudden death. Treatment involves harsh drugs taken for up to three months and works only if the disease is caught early.”* But the harsh reality is that once the heart is affected, then there is no way out of this disease.

Allah knows best if this is the disease which He has revealed to me about, or will there be another disease which shall be life-destroying, and which shall be more catastrophic than the AIDS Virus.

Recently, there has also been the apparition of unknown giant spiders which have invaded a village in India and killed till date 2 villagers. Experts do not know about this

type of spider and thus do not know how to cure the people who have gotten beaten by these insects.

I recall the verse of the Holy Quran whereby Allah says:

***“... We shall bring forth for them a creature from the earth that shall wound them, because people did not believe in Our revelations.” (27: 83)***

Therefore we see that Allah is destroying this world in all forms, in all ways because despite that He has sent His Messengers and for this era when He has sent His Khalifatullah, they still cling to their own ideas of God instead of sticking to the Original Divine Commandments which is established in the Holy Quran. These happenings occur to make people realise also that their deeds are wrong and therefore they should reform themselves and welcome Allah's Messenger who shall guide them to salvation and peace and security. I recall that in the beginning of the Divine Manifestation Allah has called me the new Adam for this era and has told me: “Arise and Create a New World”.

Therefore this world is coming apart in different ways like I mentioned in my recent speech on 17 May 2012 whereby there shall be plane crashes and all forms of calamities which shall grip men and this world. Look at what happened in Nigeria with all passengers on board a plane being dead along with all crew members and people on the tarmac (airport field). It is sad to see plane crashes with many deaths, strife and wars which resemble the scene of Qayamat.

Rivers of Blood will flow and will keep on flowing. On one hand, there shall be the blood of the evildoers, and on the other there shall be the blood of the innocent and martyrs.

O my brothers, sisters and children, you shall live to forsake your life for the cause of Allah if you are real believers. Allah shall test you in many ways so as to know whom among you is sincerest to Him and His Khalifatullah of this era. These times are times of sacrifice. Insha-Allah, when the Day of Victory shall come, along shall come both mundane and spiritual prosperity. The believers are to walk on the fire of trials before they get access to Allah and His Paradise, both on earth and the Hereafter. But the good news is that along with pain, there shall be also good news, and Allah will keep on trying you till it becomes clear that you are real believers and not weak ones or hypocrites.

The world is in danger. Humanity is in danger. It is only a return back to Allah, to the worship of the Unique God which shall bring the world out of its dark phase. I have come to warn you O people. Should you listen to this humble self and reform yourselves, you shall reap the benefits both in this world and the hereafter. It is verily the Hereafter which is the Real life and permanent for you if only you realise that this world in which

you are now living is only temporary for you. Have fear of Allah and return back to Him before it is too late for you. Have mercy on your own souls before the day comes and Allah deprives you of very single drop of light and plunge you in complete darkness.

In this era you are fortunate to witness the coming of a Messenger of Allah who has come with the Divine Light to illumine you. Should you profit from this light, you shall be the fortunate ones, but as for those who turn back from the Divine Light and mocks Allah's signs and His Messenger, it shall be them the losers.

May Allah guide you all on the straight path. Allah gives you a time limit, but when the time limit is over, the anger knows no bound. O mankind, come to the Unique God, the God of Abraham, of Moses, of Jesus, of Muhammad (pbuh) and the God of all prophets and humans, be them those who came in the past, those living today and those who shall come in the future. May your heart get the light and stick to it instead of the Satan of this world which beguiles you to grip to the pleasures of this world and forget Allah. Have fear of God, repent and reform yourselves and become sincere servants of God (that is, Allah, the Unique and Supreme God). May you understand this message, this warning and also good news which I the Khalifatullah of this era is calling you to receive and apply in your daily lives so that you may receive Divine Mercy instead of the Divine anger and punishment. May Allah have mercy on your souls. *Insha-Allah. Ameen.*
