

Janam Din Mubarak

Hazrat Khalifatullah Munir Ahmad Azim (atba)

The fountain of the words of Allah is replenished today to write down with the ink of devotion and faith the treasures of the divine world.

A world within a world delivers the best of wishes and divine prayers to the Khalifatullah of this era, Hazrat Munir Ahmad Azim (atba).

Additional years rush forward in a struggle to embrace the Khalifatullah of this era in the hope that the Divine Mission is filled all the more with many more joyous moments between the world and the gardener of life.

The Gardener of life is to harvest a world within a world in the month of Spring, in the month of hope, of divine mercy.

The truth always is winner in all circumstances, and Allah is always with His Chosen One at every step of the way.

The Moon emits a new light in the hope of the manifestation of a grand Sun to embrace it with new endeavours.

The Khalifatullah of this era, true to his devotion shall reap the fruits of his dedication soon, *Insha-Allah*,

Allah shall show him the marvel of an exquisite victory which shall leave this world in a daze, surprised at the manifestations of the Almighty,

And this is because of the faith and patience which Munir Ahmad Azim has shown for His Allah and through the mighty help of His Allah,

No man in the power of man shall be able to restrict that light from illuminating the whole world.

A world in a world for the Khalifatullah of this era to hold and cherish as the sign of the proximity of Allah with him, all through the phases of his life, *Insha-Allah*.

Janam Din Mubarak; May Allah always be with you and for you.
