A MESSAGE OF PEACE

Allah says in the Holy Quran: *"The believers are but brothers, so make settlement between your brothers. And fear Allah that you may receive mercy."* (49: 11)

Hazrat Mirza Masroor Ahmad Sahib,

السلام عليكم ورحمة الله وبركاته

The past twelve years have been years of intense trials and also rewards for those who have submitted to the will of Allah when He decreed a Khalifatullah to the world with the *Ruh-ul-Quddus*. A Khalifatullah comes not to divide, but to unite, and the past bears witness to the fact that many former adversaries of Messengers of Allah became their trusted companions and allies, all for the sake of Allah.

Many years have gone, years which shall never return, but what Allah decreed, we submit, and errors of man we embrace with forgiveness. The Ahmadi Muslims, our dear brothers, sisters and children worldwide, though not in exaggerated millions, but by the grace of Allah are in large numbers worldwide. But unfortunately not all of them are *Sahih* (true) Ahmadis, much less *Sahih* Muslims. The culture which have been cultivated in the mindset of people is that Ahmadis are not Muslims, and sometimes Ahmadi Muslims themselves tend to qualify themselves as only Ahmadi (as identity) and not Muslims, while our true identity, the one which Allah vouchsafed to us in the Holy Quran is, Muslims (*Muslimeen*).

As Muslims, instead of 3 days, 12 years have gone and yet the Ahmadiyya body is still divided, and there is no reconciliation. My duty as a Khalifatullah is to invite you to form one brotherhood in the name of Allah, to invite you to the Divine Manifestation of this era wherein Allah is pouring down multitudinous blessings and spreading His light of knowledge and faith into the hearts thirsty of divine love.

Many barriers came between us during these long years, and as a Khalifatullah I want to break all those barriers so that *Insha-Allah*, with my call to you to join the united force of true Islam, you also get the divine blessings reserved for those who submit to the will of Allah. Bear in mind my brother in Islam that this life is very flimsy and shall come to an end. You are the elected representative of men to judge over their affairs as a community of believers, but prior to your nomination to such a post, Allah elevated His

own Khalifatullah so that all believers from all Muslim Jamaats in Islam realise that our true purpose is to be one body of Islam and not divided.

What we see today is that the names and honour of the prophets of Allah such as the Holy Prophet Muhammad (pbuh) and the prophet-reformers of Islam such as Hazrat Mirza Ghulam Ahmad (as) are being sullied by ignorant and vain people who have lost all notions of Islam, of the divine message. Not only has the name of the Promised Messiah (as) been sullied, but that also of his son, the Khalifat-ul-Masih II and Musleh Maud (of his era) Hazrat Mirza Bashiruddin Mahmud Ahmad (ra). I have come to defend the honour of all prophets of Allah, including the Promised Messiah (as) and his biological and spiritual son Hazrat Mirza Mahmud (ra).

That is why today, despite the intense boycott which I and those who have believed in me as the Khalifatullah of this age have underwent, we are ready to forgive and forget, all for the sake of Allah.

The Divine Call in this era is a universal call, to you as well as to all mankind. In the past I have explained clearly on what is a Khalifa-tul-Masih and what is a Khalifatullah? The question now arises, if you as a weak human – we are all weak humans except with the grace and power of Allah – shall accept the call of Allah and His Khalifatullah and join hands with the Khalifatullah of this age, this humble self to lead all Ahmadi Muslims and all Muslims in general towards the ultimate victory of Islam?

This call is a call for peace, a call that every wrong be put right and that with the mighty help of Allah, through divine revelations, the Jamaat of the Promised Messiah (as), as well as all humanity gets reviving pure water which comes from Allah.

Allah is my witness; I harbour no hatred towards you. It is only that you failed to recognise the truth, and thus, by this display of reluctance and fierce objection to the Divine will you have willingly or unwillingly (Allah knows best which) contributed to make the Ahmadi Muslims fierce objectors to Allah and His Messenger in this era.

Dear Hazrat Masroor Ahmad Sahib,

Do you want to keep distance with Allah and His Divine Signs and Manifestations of this era? Allah has given man two ears to listen and to judge accordingly. Do you not want to come forward, coming to listen to what I have more to say or will you stick to what your Amirs have already stated on my account in the past? Do you want to miss the exceptional divine blessings of this era?

Therefore, through this letter written with much affection, I invite you to the realm of the Divine Manifestation, to the Jamaat Ul Sahih Al Islam. This Jamaat is the true Jamaat of Hazrat Massih Ma'ud (as) because it has come to give his Jamaat its true value, to

reform the members within it. *Insha-Allah*, if I get your help in this great divine plan, then *Insha-Allah*, this responsibility, though very heavy, shall be borne by Allah, our greatest Helper and Protector.

As you are very well aware, the majority of Ahmadi Muslim brothers, sisters and children have turned to a life not at all Islamic. They prefer to imitate the other cultures rather than inviting those people to imitate them, to imitate the true teachings of Islam. Don't you think the time has come that the Jamaat of the Promised Messiah (as) gets a proper cleaning up and that the hearts of our brothers, sisters and children get revived through the *Ruh-il-Quddus* – the Divine Revelations?

Blessed are those who when they make a mistake admit to it, and reform their lives according to the divine precepts. And furthermore blessed are those who remove themselves from all forms of unislamic practice, and cease to establish such rules which are against the spirit of Islam.

May Allah guide you to understand this message, accept it and join the forces of the Divine Manifestation which upholds the honour and truthfulness of Allah and all His prophets, messengers, reformers and commandments from the beginning till the end of times. *Insha-Allah*.

As I am in London for a few days, I want to meet you. If you agree, you can phone me on this number: **(Number Concealed)**. All Ahmadi Muslims have the right to know the truth after so many years of falsehood fabrication by the Mullahs and the so-called Amirs in the Jamaat Ahmadiyya in Mauritius and the other havockers in the Jamaat.

Therefore, I expect a positive from you and wait for your call for the cause of Allah and to propagate the truth, and crush falsehood once and for all. *Insha-Allah*.

03 January 2015

My Dear Brother Hazrat Mirza Masroor Ahmad Sahab,
Assalamo Alaikum warahmatullahi wabarakatohu

I hope that you are enjoying good health by the grace of Allah, May Allah (swt) give you good health and long life so that you may guide the caravan of Ahmadiyyat. Ameen.

Hazrat Masroor Sahab, I know you are busy it is not your Fault, but, it is very sad to see that despite that I have invited you and the jamaat Ahmadiyya World Wide to reconcile as one brotherhood and sent you both an email and an official letter to this effect, there was no response. In addition to this we have phoned the Private Secretary's office more than 20 times, with no response and when on Friday 02 January 2015, We phoned to have a special Mulaakaat, a brotherly and Courteous meeting with you. We humbly left a Message in the Private Secretary's office with Salim and Bashir Sahab to inform Munir Taved Sahab and yourself to contact us back before our departure to Mauritius on 04 January 2015. Alas, you did not respond. It is most unfortunate.

I did my brotherly task for a grand reconciliation so that we may march together as one body of Islam for the benefit of all Ahmadi brothers and Sisters and all Mankind.

I humbly pray, May Allah remove all veils of hatred, doubt and disbelief in the Divine Manifestation of this era, so that you may benefit from the spiritual light which Allah has bestowed upon all Mankind in this era. May Allah have Mercy on our Soul.
